Welcome

So fun and so adorable! This quilt is perfect for fusible appliqué with edge-stitching, or for hand appliqué. The circles are just the right shape for beginners, and the variety of fabrics will keep boredom at bay!

We've given the cutting requirements for this exact quilt, but you'll have enough fabric to cut several circles from each fabric. Feel free to play with your circles and make your quilt just the way you want it!

The circle template is given with a ¼" seam allowance for use with hand appliqué. If using fusible appliqué, prepare fabrics with fusible web and then cut out circles, using solid line on template. You'll need to purchase approximately 11 yards of paper-backed fusible web.

Appliquing the Blocks

1. With stripes running horizontally, finger-press 10½" green/white stripe square in half on both width and length. Using creases as placement guides, center and appliqué circle on square using appliqué method of choice. If circle is cut of directional fabric, be sure to orient circle on square so motifs are upright.
